This special COSMOS version is also capable of working with 18KW. It comes supplied with a special safety adapter that allows it to be connected to a 32Ampere power supply.

This is unique and no other supplier manufacturers a steam generator with 36KW that can be connected to a 32A line if needed and to run with 18KW power in full compliance to international safety standards.

Adding moisture to the steam multiplies the mechanical action and will speed up any suitable application.

The machine is ideal for general purpose steam or steam and vacuum cleaning as well as supplying steam for belt cleaning or other special applications!

*Proud to deliver the steam you demand!*
